Equipment and Uniform Package  
2015-2016 Season**

The purpose of this document is to communicate to all officials a program to be followed by all club members and ensure consistency amongst all teams.

## **UNIFORM POLICY**

- 8.1 Only "club issued and approved" gear may be worn when representing the CMFSC. Players and coaches [and managers - not on field] are not permitted to wear any clothing other than that described in the following articles
- 8.2 The primary colors for CMFSC are Royal Blue and Black
- 8.3 Club gear and logo are only to be used on board approved chosen brand and supplier.
- 8.4 The club home jersey is blue and black stripes and must be worn whenever there is not a conflict with the opposing team. This is our primary uniform and brand.
- 8.5 All outerwear/training gear (track suits, tops, pants, jackets, training shirts, shorts & socks) must follow the primary color combination. Each season, the club/board will determine the styles that will be available.
- 8.6 For the alternate uniforms, the club/board will determine the style of the white alternates on an annual basis.
- 8.7 The Club's Equipment Manager assigns uniforms.
- 8.8 If a coach, manager or divisional coordinator is unsuccessful in obtaining equipment from a player, the equipment manager is to be notified so that the Board of Directors can deal with these individuals.

- 8.9 If a coach, manager or divisional coordinator is unsuccessful in obtaining equipment from a player, the equipment manager is to be notified so that the Board of Directors can deal with these individuals.
- 8.10 Absolutely nothing is to be attached to uniforms and club specific attire unless instructed by the club Board of Directors. Club specific attire is defined as:
- Club uniforms, shorts & socks
  - Club warm up shirts
  - Club track suits
  - Club back packs / bags
- 8.11 Teams or individuals found not to be adhering to the Uniform policy will be required to correct, dispose and replace the offending gear, at their own expense, immediately upon notification.

## **COACHES KIT PROGRAM**

In 2012, we introduced a program where CMFSC will supply a kit for all coaches from MSL and below. The intent is for all coaches to wear the kit during games and training so that our colors are well presented on a consistent basis. The cycle of new kits provided will coincide with the introduction of the new club jackets. Next cycle is targeted for 2017.

What is provided is as follows:

U8 to Adult – Training Jacket, training pants and rain jacket

Initiation Academy – Polo top and rain jacket

Coaches moving from IA U7 will be given the training jacket and pants

Coordinators – Training top and rain jacket

All new coaches for the season will be required to set up a profile on Power Up. The appropriate fields will be required to be filled in to indicate size. Following is this years flyer. Please note that styles may vary due to inventory.

The cycle is planned for a two year run, bases on the Adidas introductions, so we are using spring 2015 as the start and will have a new style jacket in the spring of 2017.

The uniform style will be changed on an annual basis starting with the SPL teams.
